An area full of opportunity

Historically overshadowed by the North Bank and City, Bankside and Southbank has benefited from significant regeneration over the last 20 years becoming an enviable residential location to live. Following the improved connectivity of the neighbourhood, the area is now popular with high earning young professionals and students alike; Southbank was also named as having the third 'coolest street' in the world according to TimeOut 2021. Bankside and Southbank is in high demand from prospective buyers and tenants and with an undersupply of new homes, house prices should continue to see strong price and rental growth.
